The Split Corner is now standard for ease of installation on all Celebration® systems.

Warranty

All products are warranted for one year in regard to fabrication and workmanship. Pro-Rata Fabric Warranties offered by manufacturer of the fabric will be passed on to customer.

Trade-In Policy

The Armbruster Manufacturing Co. is one of the few companies that allows trade-in of any tents built by us. Our Trade-In Policy is valid for tents up to seven years of age.

Certifications

All Armbruster Tents are certified and engineered to meet or exceed the following codes, NFPA 701, NFPA 102, ASCE7-93, UL 214, FTMS 5903.

Each Armbruster Tent is backed with over 125 years of commitment to excellence. We have a tent that is perfect for your application and budget.

The Armbruster attention to detail: The Celebration® features zinc plated fittings, slotted pipe for easier assembly, and both buckle and catenary attachments to the frame.

Armbruster has decreased the size of the Celebration®'s frame components by 75% while increasing it's strength by as much as 50%!
